

ATTACHMENT I

DETERMINATION AND APPORTIONMENT OF TOTAL PERMISSIBLE DISSOLVED NITROGEN OUTPUT - TASMAN PENINSULA AND NORFOLK BAY MARINE FARMING DEVELOPMENT PLAN SEPTEMBER 2018

Pursuant to Management Control 3.2.1 of *Tasman Peninsula and Norfolk Bay Marine Farming Development Plan September 2018* (the Plan), I hereby determine for the period from 1 August 2023 until 31 July 2026, that the total permissible dissolved nitrogen output (TPDNO) attributable to licenced finfish marine farming operations (salmonid) within Marine Farming Lease No. 55 for any 12-month rolling period going forward from the date of determination is as specified in column 2 of the table below.

Pursuant to Management Control 3.2.4 of *Tasman Peninsula and Norfolk Bay Marine Farming Development Plan September 2018*, I hereby apportion that TPDNO for the lessee or, where applicable, sublessees within Marine Farming Lease No. 55 as follows:

- a. Tassal Operations Pty Ltd shown in column 1 of the table below

	1	2
TPDNO period	Tassal Operations Pty Ltd portion of TPDNO	Total TPDNO
Any 12-month rolling period from 1 August 2023 going forward until 31 July 2026	48 tonnes	48 tonnes

Signed this 7th day of July 2023

Wes Ford
